HAWK C-SERIES ANAMORPHICS

The Hawk C-Series lenses deliver thoroughly modern and sharp imagery that is also slightly forgiving, with a very natural feel. Designed with an understanding of how filmmakers work, the C-Series family includes a 60 mm/T 2.2 lens – a very useful focal length in the 2x format that had usually been left out in previous anamorphic lens sets. Because of their popularity, Hawk continues to produce parts and maintain the C-Series line.

- medium contrast
- slightly forgiving optical design
- timeless beauty and simplicity

2x Lens	Focal Length Stop	CfD	
C 40	40mm/T2.2	1 m	3'6"
C 50	50mm/T2.2	1 m	3'6"
C 60	60mm/T2.2	1 m	3'6"
C 75	75mm/T2.2	1 m	3'6"
C 100	100mm/T3	1 m	3'6"
C 55 - 165	55-165mm/T4	1 m	3'6"
