

## PROMIX 1600E & 1200E

A high-torque mixing stirrer designed to meet the demands of the professional user. Easy and comfortable to use, this machine takes the effort out of mixing materials like plaster, bonding compounds, paints and adhesives.

MIXING

- Large heavy-duty motor for higher power and more torque.
- Two speed heavy-duty high torque gearbox for extra life.
- Electronic speed control to ensure constant speed.
- Soft-start motor for more control and reduced splashing.
- Ergonomic handles for operator comfort and reduced fatigue.
- Easy maintenance including quick-change brushes.
- Easy to change tools with standard M14 fit.
- Supplied complete with 2 blade helical paddle.

Easy access controls

Easy cleaning and maintenance

Soft-start motor
