

TRACKED CARRIER 2200 PRO

The 2200 PRO from ACONDA provides an exceptional solution for transporting heavy loads through confined spaces and over rough terrain.

The 2200 PRO delivers powerful performance, combining strong load capacity with excellent manoeuvrability, and is the king of run-time with its huge battery capacity, which can be extended even further. This makes the 2200 PRO the ideal choice for moving heavy goods over long distances for repetitive tasks.

All PRO models are designed to be as low as possible for excellent stability, and come with enhanced features including gradient monitoring, remote information feedback, and a smart auxiliary output, allowing control of powered accessories and increasing safety in critical situations.

Features

	PRO Model
Efficient direct AC electric drive	●
Fully proportional remote control	●
Maintenance free AGM batteries	●
Hazard lights front and rear	●
Switchable motion alarm	●
On board diagnostics	●
Adaptable and extendable platform	●
LCD information screen on remote control	●
Smart auxiliary output socket	●
Automatic gradient/speed monitoring	●
Non-marking tracks	○
Wide range of attachments	○

○ = Optional ● = As Standard

Technical Data

Dimensions

Width overall (A)	950mm
Width of bed (B)	940mm
Length of bed/overall (C)	1360mm
Length extended (D)	2120mm
Height (E)	365mm
Track width (F)	180mm
Track length on ground (G)	1050mm
Ground clearance (centre)	80mm

Capacities

Max capacity on level ground	2200kg
Max capacity at max gradient	550kg
Max gradient	45°
Max side slope	30°
Max speed	3km/h
Unladen weight	500kg

Power

Power (max)	3.4kW
Voltage	24V
Battery capacity	200Ah
Charger input	110V-230V
