

Walk-Behind Rogue Floor Scraper

Product Code: 031129

The FIRST walk behind floor scraper in the world to have a dual-lift capability!

Features & Benefits:

- A simple toggle infinitely switches blade pitch and angle
- Front, middle and side weights are removable and positionable
- Forward & reverse wheel scrapers
- This modular machine is designed to be pulled apart and transported with ease
- Two thumb controls allow responsive, precision steering with very little input from the operator
- Built-in wheel de-coupler puts your machine into transport mode with no loose parts
