

12/18/24K Silver Bullet

In the tradition of the CMC 'Silver Bullet', the new 24K HMI Silver Bullet Fresnel is manufactured to the same level of excellence Lighting Professionals have come to rely on from CINEMILLS. Durability and dependability are the benchmarks of this new and powerful, hand built unit. Upgrades of all electrical components guarantee optimum performance for an industry leading, 24,000 watts of daylight output. Robust new designed ignitors insure quiet operation when complimented by the newest, high output ballast from Power Gems. This unit is the smallest and brightest HMI fresnel in the industry. The 24K HMI, from CMC, is the flagship of a quality line of equipment from the company with over 35 year commitment to motion picture lighting.

SPECS

- Power160 VAC nominal
- Supply Voltage75 Amps 50/60 Hz
- Color Temperature5600K
- Measurements34.5 x 30.5 x 34.8" (87,6 x 77,5 x 88cm)
- Weight152 lbs (69kg)
